DESCRIPTION

Like a pearl hanging from a thread, Metropolis begins with a single lamp. Its clever form delivers beauty as a sophisticated wall sconce or as stacked singles, doubles and triples – suspended as simple pendants or curated into organic groupings and grand chandeliers.

Central to Metropolis' design is the distinctive trifoliate form in combination with the innovative use of light. Where shadows would normally exist along the converging line of each form, in Metropolis, these fine seams are used to wrap a beautiful, soft cast of light around the luminaire.
