

Deformed Ball Pendant Light

LAMPCOZY.STORE

SUPPORT@LAMPCOZY.STORE

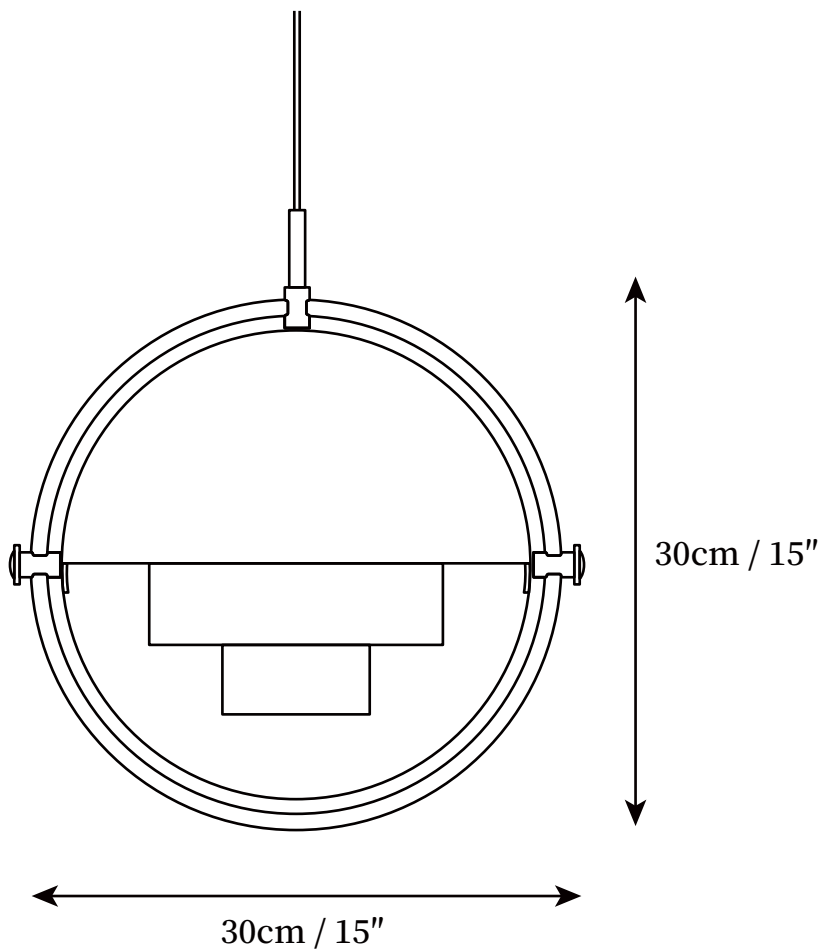

DESCRIPTION

The Multi-Lite pendant lamp from 1972. The design is characterized by an exceptional and playful lampshade that reflects Weisdorf’s passion for versatility: The base of the lamp consists of three basic shapes - two immovable cylinders and a hemisphere - framed by a thin ring. What makes it special? The hemisphere is divided into two parts so that the two halves are mobile and invite you to play with shapes and light.
